

# International School Of Medicine

Bishkek, Kyrgyz Republic

## INTERNATIONAL SCHOOL OF MEDICINE

An international, higher educational institution, is a structural unit of IUK, created to train medical specialists for foreign countries, conduct medical research in cooperation with leading health centers of the country and provide high quality, medical services to the population of Central Asia.

ISM was established on a special resolution of the Kyrgyz Government. The Kyrgyz Government's resolution # 60 dated February 5, 2004 introduced ISM into IUK, which is one of Kyrgyzstan's top universities, highly rated for its substantial experience in training of foreign citizens. This higher educational institution aims to ensure maximum opportunities for those who want to become doctors and work in any place on the globe.

### Basic mission of the school

The basic mission of the school is to train highly qualified specialists, conduct scientific research in medicine of mountains, and provide health services to the population of Kyrgyz Republic and its neighboring countries. Training at ISM is conducted with the most up-to-date educational technologies used in order to ensure highly efficient training of doctors. The ISM's primary goal is to produce highly qualified doctors who will be able to work successfully in any place in this world. ISM is the modern, dynamic, higher educational institution of a new formation, focused exclusively on the export of medical formation.
